JOSEPH LOCKLE PAYS HIS RESPECTS TO PRESIDENT MCKINLEY.

The Will Probably Take the Oath Before Returning to Chicago—The Views of His Experience for England Will Be Looked on By Pro-Administration Leaders with Ample Loading After Their Share of the Pudding—The Anti-Cullom Row Able to Agree on a Man for the New York Post-Office—Capital Notes.

Washington, D. C., April 8.—[Special.]—Minister Joseph H. Choate reached Washington early this morning. He called on Senator Cullom and the Senator went with him to the White House, where a pleasant interview was had with President McKinley. Mr. Choate will be kept busy for the next few days in calling on the President, Secretary Sherman, Mr. Cleveland, and his friends. The Knights of Columbus will tender him a banquet on the evening of the 15th, and he will be the guest of honor at a dinner to be given by the Alumni Association of Columbian University. Mr. Choate will probably take the oath of office before he leaves Washington, and will then start for Chicago, where he will remain a few days before going to New York, where he will sail for England on the 23d. Mr. Choate will be accompanied by Mrs. Choate and his daughter, Miss Choate, who will be presented at the English court by Mrs. Bayard, wife of the retiring ambassador. Mr. Choate will be the guest of honor at a dinner to be given by Ambassador Bayard at the embassy on the evening of the 22d. Mr. Choate will be accompanied to Chicago

PUBLISHED APRIL 5, 1889.

The money market was active and firm at previous rates. New York exchange was firmer and sterling steady. Local securities were in better demand and stocks in Wall street were stronger.—The Chicago wheat market was quiet and dull, with a wide range of prices on May due to the selling of about 1,000,000 bushels for a bear trade, and the other months were steadier, with more business doing. Provisions were irregular with a narrow range. In connection with Wednesday's quotations for hog products, the following were the closing prices yesterday: Mess pork, 10 cents lower for May and 7½ cents lower for July, cash and May unchanged, and 5 cents higher, cash and January, 5¢.

Members of the grocers' combine at different points in the Northwest are increasing a great deal of excitement among their customers by their persistent and unanimous refusal to sell sugar to anybody who will not sign the agreement to maintain the prices fixed by the combine. Reports from Minneapolis, Duluth and Wisconsin Central settlements, furthermore, indicate that those who refuse to sign have been unable to get sugar at any price. The fact that the combine has been able to maintain prices for so long a time is a matter of surprise to many people, who have been under the impression that the profits were so large that the temptation to break away from the combine would be irresistible

The difference between the Shoes we sell you and those you get from other dealers is this: The other dealers, in most cases, get the manufacturers' ordinary make, while we have all our Shoes made especially after our ideas, using best materials, best work, and take the precaution to strengthen all the weak spots found in the average makes. Our $4 Shoes are a sample of a low-priced article—$5, $6, $7.50 gives you the finer and finest. Boys' as low as $1.75; Youths', $1.25.
